

Competition & Recital Group Makeup and Hair

Regular stage makeup should be applied (the following is a guideline)

1. To even out skin tone, apply foundation and powder.
2. Apply false eyelashes (Int and older) (Optional for younger)
3. While glue is drying, apply blush on apples of cheeks to hairline - fairly heavily as most stage lighting makes faces look very pale.
4. Apply black eyeliner to upper eyelid with a slight wing (no more than 1/4 in) following the dancer's natural eyeline.
5. Apply shadow. Cover entire eyelid, crease and up to eyebrow with light coloured shadow (ex: Mary Kay Spun Silk). Dark Shadow is applied to the lid & crease only (ex: Mary Kay Chocolate Brown). Leave the part between the crease and eyebrow with only the base color as the highlight or lighter color will help open up the eye. Eye makeup requires practice & patience!

6. Finish eyes with Mascara

7. Apply a darker red lipstick (Ex: Mary Kay Scarlet Red). A lipliner may be used.

Bring extra safety pins and bobby pins to our competition dress rehearsal, this is where we will explain how all straps, extra costume pieces and headpieces should be worn. It is a good idea to bring an emergency kit along with you which includes, extra safety pins, bobby pins, hair spray, hair nets for buns, a needle and thread, etc.

Hair buns should be made as neatly as possible. Not on the top of the head, dance buns are in the centre of back head or lower if required for hat. Ballet buns are to be as flat to the head as possible. Smooth out any wisps with hair gel and/or spray
 Some hairstyles may be simplified for recital so they don't have to change so many times.
